

Want to get to the Eastern Gulf early? We've got the site.

For the shortest distance, start here— Venice Port Complex

This 38-acre site is available for lease in whole or part. Its prime location along Grand Pass and Tiger Pass allows deep draft vessel access to the Gulf and the nearby levee-protected four-lane highway provides reliable ground transportation. This acreage, extensive water frontage and easy ground access, could accommodate any cargo from people to pipe. The opportunities are limited only by your imagination.

Contact George Pivach, II for more information on this multi-use site.
